

DRISCOLL TELLS STORY TO JURY

State's Attorney Pleased With Results Thus Far Attained.

SHEA REMAINS OBSCURE

UNION DRIVER FATALITY SHOT BY POLICEMAN.

CHICAGO, June 14.—John C. Driscoll, the much-desired witness in the bribery probe being conducted by the state's attorney and the grand jury in connection with strike troubles in Chicago, appeared before the inquirers this afternoon and for three hours was subjected to close questioning. The proceedings were kept secret, but it was said that he did not tell all the startling stories or corruption accredited to him yesterday. At the adjournment of the jury tonight Assistant State's Attorney Fiske said he was well pleased with the results thus far obtained from Driscoll. The latter is to be recalled tomorrow morning and he was cautioned against making any statements as to what took place within the jury room or to discuss the nature of his testimony.

Detained His Work.
Driscoll's evidence covered the historical points in connection with various labor organizations, and he told in detail of the work he had done in forming the Coal Team Owners' association, as well as the connection of Albert Young, formerly president of the Teamsters' union, with that organization.

Albert Young, ex-president of the Teamsters' union, occupied the stand this afternoon in the hearing before Judge in Chambers Sherman. Much of the day was taken up by altercations between the attorneys.

Young was asked a long line of questions, and in almost every instance he refused to answer, declaring he was afraid of self-incrimination. The hearing will be continued tomorrow morning.

Terms Declined.

Edward Hines, president of the Lumbermen's association, today submitted to President Shea, the head of the Teamsters' union, terms of settlement which were practically identical with those announced some time ago by the employers. Shea declined to consider them.

Arthur Tall, a union driver, was shot this afternoon by a policeman who was escorting a lumber wagon, and fatally hurt. The policeman who did the shooting jumped from the wagon and disappeared. Later Officer Lomaine Goudie was arrested charged with the shooting. He would not admit or deny that he fired the shot.

A large number of the retail grocers of the city have agreed to communicate to Mayor Dunne, in which they demand the revocation of the licenses of team owners who decline to make deliveries to boycotted houses. The attention of the mayor is called by the retail grocers to sections of the municipal code which render discriminations as at present practiced by the team owners a misdemeanor. If the mayor acts as requested by the retail grocers, the team owners will be forced to take the chances of a strike or loss their licenses.

QUESTION OF MONEY.

Johann Hoch Can Appeal if He Can Raise \$700.

Chicago, June 14.—"Bluebeard" Johann Hoch, who was sentenced to be hanged June 23 for the murder of one of his numerous wives, may be given one more chance to escape the gallows. His case may be taken to the supreme court of Illinois. In a conference held here today Governor Deneen assured counsel for Hoch that in case the state's attorney is assured by Wednesday, June 21, that sufficient money is forthcoming to provide for the preparation of the necessary record of appeal, he will be granted until the October term of the supreme court. The sum needed is \$700.

The governor assured Assistant State's Attorney Olsen that he had no desire to interfere with the carrying out of the verdict, but wished to give the accused every right afforded by law.

REV. GOODWIN EXPECTED TO CREATE A SENSATION

(Special to The Herald.)

Boston, Mass., June 14.—Rev. S. H. Goodwin, pastor of the Congregational church and principal of Proctor academy, Provo, Utah, is in Boston. He is to make a series of addresses among the Congregational churches on "Phases of Mormonism." Mr. Goodwin is superintendent of the Congregational Educational society, Boston, and is expected that Mr. Goodwin will throw a good deal of light upon the situation in Utah, and Boston is expecting rather sensational disclosures.

GERMAN BAPTISTS.

Flora, Ind., June 14.—The national conference of the Old German Baptist Brethren has closed a four days' session in this city. One of the questions which was warmly discussed was that of permitting televisions to be used by the church people. Foreman Michael Montgomery decided that members should not permit the use of a television in their homes, and that should a member now be using the telephone it should be taken out.

FLAG DESECRATION LAW.

New York, June 14.—New legislation in four states for the prevention of the desecration of the American flag was the record on the part of the state's work reported at the annual meeting of the American Flag association in this city. The new states are North Dakota, Idaho, Kansas and Wyoming. The states in which laws protecting the flag from desecration have been secured since the association began its work in 1887 number thirty-two.

FIGHTING YELLOW JACK.

Panama, June 14.—In order to facilitate the sanitation of Panama, Colonel William C. Gorgas, chief sanitary officer of the canal zone, has divided the city into districts, each in charge of a local physician, who will report any suspected cases of yellow fever. All the houses in Panama are being fumigated.

RANGE FINDERS INSTEAD OF GUNS IN THE FIGHTING TOPS HEREAFTER

New York, June 14.—Orders were received at the New York navy yard today from the navy department at Washington to remove the guns from the fighting tops of the battleship Alabama. Orders have been issued also that the guns are not to be replaced on the fighting tops of the battleship Indiana, which is being repaired. It is reported that the guns are to be replaced by range-finders, and that similar orders were to be issued regarding other battleships. The news of the victory of Admiral Togo in the battle of the Sea of Japan is said to have influenced the decision to put range-finders in place of the one-pounders which have occupied the tops.

The fate of the battle was decided by the superiority of the work of the Japanese gunners while the ships were still at long range. The department was informed that the aim of the Japanese gunners was due to the efficiency of the men with the range-finders whom the Japanese had placed in the fighting tops, and were thus able to "pick up" the Russian ships at a far

greater distance than the Russians could locate the Japanese.

Washington, June 14.—For some time past the navy department has had under consideration the expediency of installing range finders in the fighting tops of the war vessels in place of the one-pound guns which have occupied places there. There is a two-fold purpose in this change. It will give the officers in charge of the range finders a more comprehensive view of the horizon and the possibility of locating an enemy than is now afforded, and also will enable them to control the batteries with better results than at present. These range finders are first to be installed in the fighting tops of the Alabama and the Indiana, now at the New York yards, and some of the other vessels are soon expected to arrive there. The change is in the nature of an experiment, and its application to all the vessels equipped with fighting tops will depend upon the results achieved in those vessels in which the change is about to be made.

TOBACCO TRUST SECRETARY FINED PALTRY \$5 FOR CONTEMPT OF COURT

New York, June 14.—William H. McAllister, secretary of the American Tobacco company, was adjudged guilty of contempt in the United States circuit court for having refused to answer questions before the federal grand jury in connection with the investigation of the so-called tobacco trust, and fined \$5. McAllister was asked questions concerning the business affairs of his company and was served with a subpoena requiring him to produce papers and contracts covering the export business of the American Tobacco company.

Upon the advice of his counsel he not only declined to answer the questions but to produce the papers asked for, taking the ground that he was protected by his constitutional rights. McAllister then was taken before United States Commissioner Shields, where he furnished \$10,000 for his appearance. The higher court will be asked to pass upon the constitutionality of the points at issue, which really involves the right of the federal grand jury to conduct its investigation under the Sherman anti-trust law.

STATE FISHING SEASON OPENS TODAY, AND REMARKABLE STORIES WILL BE TOLD

"If a fish is caught for every hook purchased in the city in the past week the state fish hatchery will have to be started on double shifts by the end of the week to restock the streams." This remark was made in one of the local sporting goods stores yesterday when the firm was asked how fishing tackle was selling in anticipation of the opening of the season today. Sales of this class of sporting goods have been enormous for over a week past, and from all indications fully as large a crowd as has marked this auspicious event in the past will be in evidence today.

As usual the canyon streams around this city will get the biggest share of the fishermen anxious to cast the first fly of the season. Under ordinary circumstances the fishing ought to be

good in these streams, but the hordes which will line the banks will soon drive all the fish to cover. The old timer, however, will take to the head waters, many parties having gone out in the past four days to be on hand for this morning's fishing.

During the day several fishermen who had been out locating some good holes where there were supposed to be plenty of speckled beauties, returned to the city and said the water was high, but still quite clear. This will be a disadvantage to the fisherman as feed is always plentiful in high water times. Stories of big catches will be in order tonight, but if the fishermen get too strong in telling of his conquests it might be well to require an affidavit from him.

STATE NEWS.

MARRIED AT SOCIABLE.

Engaged Couple Could See No Reason For Postponing Event.

Provo, June 14.—Marriage licenses have been issued to the following couples: Wallace Lott, aged 21, and Elsie M. Cook, aged 22, both of Provo; George E. Brimhall, of Payson, aged 21, and Elizabeth E. Tuckett, of Springville, aged 20. Mr. Lott and Miss Cook were married late last night at the home of Mr. and Mrs. George A. Starup. They were expected to be married today and a party was given in honor of Miss Cook by Mrs. Starup. At the height of the festivities some one was inspired by the happy thought that then would be a good time to have the wedding. The principals did not object, and a messenger was dispatched for County Clerk De, who consented to come and issue the license and perform the nuptial ceremony. The sociable was transformed into a jolly wedding party, and continued with increased merriment till an early hour this morning.

Professor E. E. Hinckley and Principal Paulsen have been appointed members of the city board of examination by the board of education.

The board of education has been notified by State Superintendent Nelson that Provo school district is entitled to one full normal scholarship in the University of Utah. The selection will be made by Superintendent Rawlins.

James Chipman was in Provo yesterday interviewing the county board of figures.

George A. Storrs and C. F. Watkins have gone to Ruby, Col., to inspect the tunnel on the Rio Grande railway, recently destroyed by fire, for the purpose of bidding on the repairs to be made.

Mrs. O. H. Beal has gone to Abraham, Millard county, to visit her daughter, Mrs. George Nuttall, who is seriously ill. The latter reports received at the home that there a change for the better in Mrs. Nuttall's condition.

Two young transients, Charles Downing and Frank Georgetown, were sentenced to twelve and ten days, respectively, for stealing a ride on an R. G. W. freight car from Salt Lake to Provo.

A 17-year-old boy by the name of Perry who says his parents live on West Temple and Sixth Street, Salt Lake, was with the men. Sentence was suspended in his case and he was held till his parents can be communicated with, and direct what disposition they want made of him.

DIES FROM OVERDOSE.

To Alleviate Pain Charles Pennington Takes Morphine.

Bingham Junction, June 14.—Charles Pennington died at the Hamilton rooming house by swallowing twenty grains of morphine. The drug was obtained at the local pharmacy, and as there is no apothecary in this town it is thought that the drug was taken to alleviate pain. The man had been ill for some days previous, and an overdose resulted in death. When Mr. Pennington's condition was learned, Mrs. Kiehle and Monahan were summoned, but were unable to revive him. Mr. Pennington came from Telluride, Colo., and had been working at Alta before coming here. He leaves no family or relatives at the Junction. Last night the home of Vincent Eastman was burglarized. The thief entered while members of the family were absent and secured \$10.

BONDS GO THROUGH.

Coalville Votes to Issue \$10,000 for Electric Light Plant.

Coalville, June 12.—The proposition to bond the city in the sum of \$10,000 for an electric light plant was carried today by a vote of 82 to 19. A special election was held and the vote was a comparatively light one. After the result was announced the advocates of the bonding scheme celebrated their triumph by the firing of cannon. The brass band played a few lively airs and a great deal of enthusiasm was manifested. The work of installing the plant will be commenced at once and it is estimated that it will cost about \$14,000.

Judge Ladd held a short session of the district court this morning and returned to Salt Lake this afternoon. A few preliminary cases were disposed of and all the cases were continued for the term.

INJURIES PROVED FATAL.

Princeton, Ind., June 14.—Engineer Gratz of the Cotton Belt special on the Southern railway, which went through the Golden Gate, Ill., trestle near Albion yesterday, is dead from his injuries.

OLD FOLKS ENTERTAINED.

About Five Hundred Share the Hospitality of Alpine Citizens.

American Fork, June 14.—The old folks of the north end of Utah county, 500 strong, spent a grand gala day in the pretty little hamlet of Alpine today. Some 200 from Lehi toward the north end, passed through here and were later joined by about the same number from this place, who, with the people of Highland and Alpine, swelled the crowd to half a thousand. The morning was spent in an informal manner, the silver locked guests entertaining themselves in many different ways, greatly enjoying the cool, refreshing air of the pretty little mountain vale.

During the afternoon a specially prepared program was rendered to the old folks under the shade of the large spreading trees.

They were treated to a sumptuous feast at dinner time, which was very greatly enjoyed, after a ride of from six to ten miles, over dusty roads.

The old people commenced to return early in the evening, having spent a great day. The very large crowd almost took Alpine by storm. The old folks of Pleasant Grove were given an invitation to join in, but for some cause did not accept.

WILL GET INSTRUMENTS.

City Council Makes Appropriation for Use of the Band.

American Fork, June 14.—At a special session of the city council last evening an appropriation of \$500 was authorized for the purchase of necessary instruments for the band. The following committee was appointed to look after the organization: Thomas E. Steele, James T. Gardiner, Mayor James L. Chipman and John W. Chipman. At this meeting a fire limit ordinance was introduced, embracing the business district of the town. The ordinance will prohibit the building of any frame buildings within the limit.

PARK CITY HAPPENINGS.

Park City, June 14.—Flag day is being generally observed in Park City, though ceremony was held during the day. Every building in town nearly decorated, and the national colors and the people all seemed to have a realization of the importance of the occasion.

At the home of Mr. and Mrs. J. F. Richardson today Rev. Murray, pastor of the Methodist church of this place, united Miss Juanita Noblet and Mr. Dan Richardson in matrimony. The ceremony was one of those short and simple affairs, and only the immediate relatives of the young couple were present.

Mr. and Mrs. Ophie Dodge as best man, following the ceremony the bride and groom were held, after which refreshments were served. The young couple go on the afternoon train for an extended eastern visit and will be at home to friends in Park City after July 15.

An operation for appendicitis was performed today at the Park City Miners' hospital on Miss Katie Drew. The work was done by Dr. Ward, and the patient is doing nicely.

John McConahey left this afternoon for a short business trip to Tonopah, Nev.

Today at high noon, at the home of the bride's mother, Florence C. Carpenter and Mr. Frederick L. Peterson were married. Rev. Thomas Galligan of St. Mary's Catholic church officiating. The bride was attended by Miss Lillie Leamon and the groom by Mr. Robert Leamon.

The house was tastefully decorated for the occasion with cut flowers and the ceremony and refreshments were given in the afternoon. A short reception followed the ceremony and refreshments were given in the afternoon. A short reception followed the ceremony and refreshments were given in the afternoon.

BLAZE IN PENNSYLVANIA.

Corry, Pa., June 14.—A fire which threatened the business district was extinguished early today, and before it was extinguished had burned through the stables, with a number of horses and a troupe of trained dogs; Scully's cigar factory, a barber shop, Mrs. Jewell's apartments and the Commercial hotel. Several firemen were hurt, but not seriously.

John Washington, colored, is missing and is believed to have perished. Loss, \$15,000.

Purity

above everything—

distinguishes Schlitz beer from the common.

There's a difference, of course, in the barley, the hops

the yeast.

We use the costliest materials.

We age the beer for months to prevent biliousness.

But the healthfulness of Schlitz

is mainly due to

its purity.

GREECE MOURNS.

Murdered Premier Popular With All Classes.

Athens, June 14.—The chamber of deputies today decided to adjourn until after the funeral of the late Premier M. Delyannis, who was assassinated yesterday by a professional gambler.

Amid extraordinary evidences of emotion, the president of the chamber eulogized the career of the late premier. Other deputies described M. Delyannis as a great patriot, whose loss was mourned by all Greece. King George presided today at a cabinet meeting held at the palace and requested the members of the cabinet to retain their portfolios. His majesty said that out of respect for the memory of M. Delyannis he would not appoint a new premier until after the funeral.

A royal decree orders a state funeral and that the greatest honors be paid to the memory of the late premier. All public establishments throughout the country are decorated with emblems of mourning, and the theatres have been closed. The bourse, owing to a general decline in prices, will remain closed until after the funeral. A constant stream of public and private condolences is coming from abroad. An autopsy on the remains of M. Delyannis establishes that the wound was similar to that which resulted in the death by assassination of M. Carnot, president of France, in 1894. It also establishes the fact that the body of the premier was healthy and robust, and that he might have lived many years.

FIVE YEARS FOR FOSSICK.

Mrs. James Brown Potter Had Nothing to Do With the Case.

London, June 14.—In passing a sentence of five years' imprisonment on Alfred Fossick, a lawyer of Maidenhead, Berkshire, who had been found guilty of misappropriating \$50,000, the judge said he was convinced that Mrs. James Brown Potter had nothing to do with the actions of the prisoner.

During the trial of the case of Fossick, counsel for the plaintiff said he had been informed by the prisoner that Mrs. Potter had money. Mrs. James Brown Potter, Mrs. Potter testified that Fossick, as her lawyer, undertook to raise for his client a \$65,000 mortgage on property at Maidenhead. The money was required to work the Savoy theatre. Mrs. Potter said she never knew that Fossick had personally advanced the funds.

AUDIENCE POSTPONED.

St. Petersburg, June 14.—The audience of the delegates of the Moscow sportsmen and mayors with Emperor Nicholas has been postponed until Friday.

Let go or die.

That's the alternative of the shipwrecked man with the money bags. A great many people have a like alternative before them. Business men come to a point where the doctor tells them that they must "let go or die."

Probably he advised a sea voyage or mountain air. There's an obstinate cough that won't be shaken off. The lungs are weak and perhaps a bleeding. There is emaciation and other symptoms of disease, which if unskillfully or improperly treated terminate in consumption.

Thousands of men and women in a like condition have found complete healing by the use of Dr. Pierce's Golden Medical Discovery.

"It gives me pleasure to send you this testimonial so that some other poor sufferer may be saved, as I was, by Dr. Pierce's Golden Medical Discovery," writes Geo. A. Thompson, of Sheldon Ave., Chatham, Ont., Canada. "I had a cough for years, expectorated a great deal, and was slowly failing. Was losing flesh every day. Lost in weight from 150 pounds down to 110. My flesh got soft and I had no strength. Did not say anything to any one but made up my mind that the end was not far off. One day my wife was reading in the 'Common Sense Medical Adviser' about Dr. Pierce's Golden Medical Discovery, and I said, 'I don't sound more like common sense than anything else that I had heard of, at once bought a bottle of your famous remedy and before I had taken half of one bottle I felt better. Took thirteen bottles and made a new man of me. I gained sixteen pounds and never have had a cough since. I feel splendid and give all the credit to Dr. Pierce's Golden Medical Discovery.'

Given away. The People's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. The book contains 108 pages, over 200 illustrations and several colored plates. Send 21 one-cent stamps for the paper-bound book, or 31 stamps for the cloth bound. Address, Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure bad, foul stomach and constipation and so help to cure nearly every disease of man, woman, child, regulate, tone up and invigorate Stomach, Liver and Bowels.

THE ANT.

Facts About One of Nature's Most Industrious Creatures.

When spring comes with all its wealth of opening buds and new flowers, the ant is preparing for a season of profitable industry.

It comes out of its winter quarters and locates a new home where it can store away during the summer months, the sustenance for the long winter days.

Just as industrious as the ant—but in a different way, are the countless infinitesimal germs which burrow into the scalp and eat away at the roots of the hair.

As they burrow away, dandruff forms, and if the germs are not all killed, baldness results.

Newbro's Herpicide is the only known remedy which kills the germs.

Sold by leading druggists. Send the 10 stamps for sample to The Herpicide Co., Detroit, Mich.
